

## GG's Reserve SPECIAL EDITION

Meet GG ! GG (short for Georgie Girl) was rescued and adopted by the same great family in Florida that rescued our first SpokesPup Chase from Hurricane Katrina in 2005.

Physically & emotionally scarred and seemingly abused, this mama was found in a rural Georgia construction dumpster in September 2015 trying to get food for her pups. She languished there in a rescue shelter until January 2017 when she was re-rescued and brought to Florida where she was adopted sight unseen. What was once a shy, timid, and very scared little girl has now turned into a loving, playful, full of life, happy young lady.

*This is what rescue is all about, and we at Glenora are proud to be associated with such happy rescue stories. A portion of the proceeds from this bottle will be donated to an animal charity so that other animals may have the same chance at a happily ever after like GG and Chase have.*

### TASTING NOTES

GG's Reserve is a delightful blend of high quality grape varieties. It is clean and crisp with pleasant fruit-driven aromas. The lingering finish is balanced by a moderate, semi-dry sweetness.
